**X-TRACK** EN-RAGE

# X-TRACK EN-RAGE

- + *Trail / Enduro dedicated design*
- + *Designed for aggressive riding styles*
- + *Extra contact surface and grip available*
- + *Intuitive positioning / easy to engage*

**FOLLOWING THE LAUNCH OF THE CROSS-COUNTRY X-TRACK RACE PEDAL RANGE, LOOK CONTINUES ITS OFF-ROAD DEVELOPMENT WITH THE UNVEILING OF THE X-TRACK EN-RAGE SERIES, DEDICATED TO TRAIL / ENDURO RIDING.**

With the specific demands of this discipline in mind, Look has developed a comprehensive product adapted to the most extreme riding. **Two models** are available:

- The forged-aluminium **X-TRACK EN-RAGE PLUS**. The 67mm wide platform offers a 664mm<sup>2</sup> contact area, providing perfect stability and firm support. Two additional crampons per face and a grooved body guarantee maximum grip and ensure this pedal is the perfect choice for ENDURO riding.

- The aluminium **X-TRACK EN-RAGE**. Its narrower pedal body - 63mm platform and 554mm<sup>2</sup> contact area - gives it a slight weight advantage over its bigger brother. Light and easy to use, it is designed for TRAIL riding.

THE NEW PEDAL IS ALREADY POPULAR WITH THE ATHLETES OF THE SUNN ENDURO TEAM, WHO PARTICULARLY ENJOY THE EASE AND SMOOTHNESS OF ENGAGEMENT AS WELL AS THE EXCELLENT GRIP THE PLATFORM PROVIDES.

*"The first tests are looking really good. Pedals are really intuitive, grip is excellent and it allows me to clip in so quickly whatever the situation I face. It gives me a total confidence to push really hard."*

Theo GALY
