ARTICLE 4 : UNAVAILABILITY OF PRIZES

The prizes cannot be challenged or any claim made of any sort. They cannot be exchanged for any other prizes or for their cash value.

ARTICLE 5: REQUEST FOR RULES

Entry in the Competition implies full acceptance of these rules. The rules can be consulted free of charge and printed at any time on www.lookcycle.com.

The rules are also available free of charge for any person requesting them at the following postal address:

Stamps used for a written request for a copy of the rules will be reimbursed at the price of a second-class postage stamp, upon request.

ARTICLE 6 : REIMBURSEMENT OF ENTRY COSTS

No entry fee is required. So as to ensure that the competition is totally free, any participant in the Competition can, upon request, obtain reimbursement for costs incurred entering the Competition for the cost of a local peak time telephone call or 3 minutes' connection to internet via a mobile device, which is the average time necessary to enter the Competition. Applications for reimbursement must be sent by post at the latest 8 (eight) days, as attested by the date on the postmark, after the closing date of the Competition, to:

LOOK CYCLE - 27 rue du Docteur Léveillé - 58000 Nevers - FRANCE

The costs incurred by the participant for this request will be reimbursed upon request at the price of a second-class postage stamp.

A single application for reimbursement per entry can be made per entrant. The entrant must include the following elements with the application:

- Written on a piece of paper: surname, first name, date of birth, postal address, date of Competition entry;
- Bank details (IBAN);
- A photocopy of their internet or mobile phone contract.

LOOK CYCLE will not use the data appearing in these documents for any other reason than reimbursement. They will be used for no other purpose, nor will they be shared with a third party. These data will be destroyed once the reimbursement has been made.

Furthermore, by definition a reimbursement can only be made if there has been a real expenditure incurred by the entrant. Under these conditions, this would exclude contracts allowing unlimited connection to internet or connections made using a fixed time contract subscribed to each month by the internet user. LOOK CYCLE reserves the right to make any checks it sees fit to request any proof and, where applicable, to prosecute.

ARTICLE 7 – FRAUD

Any untruthful, incomplete or illegible entry – whereby the entrant information is erroneous, or checks reveal a case of false identity – will be considered null and void. Any fraudulent entry will be cancelled without damages being applicable and/or prosecution possible against the Organising Companies.

Furthermore, the entrants concerned cannot claim any of the prizes.

Entrants authorise LOOK CYCLE to carry out any relevant checks regarding their identity and home address. Any false information will lead to disqualification. LOOK CYCLE has adopted the necessary technical tools to be able to prove the participation or non-participation of a web user. It is therefore agreed that, in the absence of any manifest error, the data contained in LOOK CYCLE's information systems are considered conclusive evidence as far as the connection and IT information relative to the Competition is concerned.

It is strictly forbidden, by any means at all, to modify or attempt to modify the mechanisms used for the competition, in particular for the purposes of changing the outcome or any element determining the outcome of a session and the winners of a session. LOOK CYCLE reserves the right to ensure equal opportunity is respected between all entrants, in particular through the courts or any other appropriate means.

ARTICLE 8 – LIABILITY

LOOK CYCLE cannot be held liable if a case of force majeure or events beyond their control were to oblige them to suspend, cancel, extend or postpone the Competition, or modify its rules, or replace the prize by a prize of equivalent type and value.

LOOK CYCLE cannot be held liable in case of non-delivery of electronic or postal mail in case of a cut or alteration in the entrant's internet communications (network communication, network down) and more generally, any dysfunction of the postal network.

Entry to the Competition via internet implies knowledge and acceptance of the characteristics and limitations of internet, in particular concerning technical performance, response time to consult, query or transfer information. In the absence of protection of certain data against malicious use, or the risks of contamination by viruses on the network can, under no circumstances, incur LOOK CYCLE's liability. LOOK CYCLE cannot be held liable in case of a dysfunction of the internet network, in particular due to external malicious acts, which might disrupt the proper functioning of the Competition.
